Description & Dimensions

Imposing, yet refined, Grandeur's Windsor entrance set with decorative knobs exudes Beaux Artes style. Inspired by P & F Corbin's "Mantua" pattern of 1905, the back plates and knobs are exquisitely detailed with neo-classical motifs.

Grandeur's vintage designs are enhanced with high-tech mechanics, resulting in silky smooth, trouble-free operation unlike anything you've ever experienced. Created expressly for modern, pre-drilled doors, installation is quick and easy for professionals or home owners alike. Exceptional solid brass forgings and a 10 year warranty make Grandeur entry hardware the perfect choice for your fine home.

[What is PVD finish?](#)

Door set dimensions: Solid brass knobs are 2 1/4" in diameter. Backplates are 8 11/16" H x 2 5/8" W.

Latch dimensions: Backset is 2 3/8" or 2 3/4" - specify when ordering. Latch case: 1" diameter. Latch face plate: 2 1/4" H x 1" W.

Deadbolt specs: Decorative face plates are 4 3/16" H x 2 5/8" W. The deadbolt has a pick-resistant Schlage C keyway and a 1" throw. Multiple sets on one order will be keyed alike unless otherwise requested. To key individually or to match a specific key number, please call to place your order.

This set will fit doors from 1 3/4" - 2" in thickness, with a minimum 5 1/2" center to center boring for the latch and deadbolt. A "thick door kit" for doors from 2" - 2 1/2" in thickness is available for a small fee. Please call for details.
